1. DEFINITIONS

Capitalized terms used in this document are defined in the Glossary.

2. USAGE RIGHTS AND RESTRICTIONS

2.1 Grant of Rights.

Subject to all fees paid by the Partner to SAP, SAP grants to Customer on behalf of Partner a non-exclusive, non-transferable and world-wide right to use the Cloud Service (including its implementation and configuration), Cloud Materials and Documentation solely for Customer's and its Affiliates' internal business operations. Permitted uses and restrictions of the Cloud Service also apply to Cloud Materials and Documentation.

2.2 Authorized Users.

Customer may permit Authorized Users to use the Cloud Service. Usage is limited to the Usage Metrics and volumes stated in the Cloud EULA Acceptance Form. Access credentials for the Cloud Service may not be used by more than one individual, but may be transferred from one individual to another if the original user is no longer permitted to use the Cloud Service. Customer is responsible for breaches of the Agreement caused by Authorized Users.

2.3 Acceptable Use Policy.

With respect to the Cloud Service, Customer will not:

- (a)** disassemble, decompile, reverse-engineer, copy, translate or make derivative works,
- (b)** transmit any content or data that is unlawful or infringes any intellectual property rights, or
- (c)** circumvent or endanger its operation or security.

2.4 Verification of Use.

Customer will monitor its own use of the Cloud Service and report any use in excess of the Usage Metrics and volume to Partner. SAP may monitor use to verify compliance with Usage Metrics, volume and the Agreement. SAP will be permitted to forward any data regarding use in excess of the Usage Metrics, volume and the Agreement by the Customer to Partner.

2.5 Suspension of Cloud Service.

SAP may suspend use of the Cloud Service if continued use may result in material harm to the Cloud Service or its users. SAP will promptly notify Customer of the suspension. SAP will limit the suspension in time and scope as reasonably possible under the circumstances.

2.6 Third Party Web Services.

The Cloud Service may include integrations with web services made available by third parties (other than SAP SE or its Affiliates) that are accessed through the Cloud Service and subject to terms and conditions with those third parties. These third party web services are not part of the Cloud Service and the Agreement does not apply to them.

2.7 Mobile Access to Cloud Service.

Authorized Users may access certain Cloud Services through mobile applications obtained from third-party websites such as Android or Apple app store. The use of mobile applications may be governed by the terms and conditions presented upon download/access to the mobile application and not by the terms of the Agreement.

3. SAP RESPONSIBILITIES

3.1 Provisioning.

SAP provides access to the Cloud Service as described in the Agreement.

3.2 Support.

SAP provides support for the Cloud Service as referenced in the Cloud EULA Acceptance Form.

3.3 Security.

SAP will implement and maintain appropriate technical and organizational measures to protect the personal data processed by SAP as part of the Cloud Service as described in the Data Processing Agreement in accordance with applicable data protection law.

3.4 Modifications.

The Cloud Service and SAP Policies may be modified by SAP at any time. Modifications may include optional new features for the Cloud Service, which Customer may use subject to the then-current Supplement and Documentation.

3.5 Analyses.

SAP, SAP SE or SAP Affiliates may create analyses utilizing, in part, Customer Data and information derived from Customer's use of the Cloud Service and Services. Analyses will anonymize and aggregate information, and will be treated as Cloud Materials. Examples of how analyses may be used include: optimizing resources and support; research and development; automated processes that enable continuous improvement, performance optimization and development of new SAP products and services; verification of security and data integrity; internal demand planning; and data products such as industry trends and developments, indices and anonymous benchmarking.

4. CUSTOMER AND PERSONAL DATA

4.1 Customer Data.

Customer is responsible for the Customer Data and entering it into the Cloud Service. Customer grants to SAP (including SAP SE, its Affiliates and subcontractors) a non-exclusive right to process Customer Data solely to provide and support the Cloud Service.

4.2 Personal Data.

Customer will collect and maintain all personal data contained in the Customer Data in compliance with applicable data privacy and protection laws.

4.3 Security.

Customer will maintain reasonable security standards for its Authorized Users' use of the Cloud Service.

4.4 Access to Customer Data.

- (a)** During the Subscription Term, Customer can access its Customer Data at any time. Customer may export and retrieve its Customer Data in a standard format. Export and retrieval may be subject to technical limitations, in which case SAP and Customer will find a reasonable method to allow Customer access to Customer Data.
- (b)** Before the Subscription Term expires, Customer may use SAP's self-service export tools (as available) to perform a final export of Customer Data from the Cloud Service.
- (c)** At the end of the Agreement, SAP will delete the Customer Data remaining on servers hosting the Cloud Service unless applicable law requires retention. Retained data is subject to the confidentiality provisions of the Agreement.
- (d)** In the event of third party legal proceedings relating to the Customer Data, SAP will cooperate with Customer and comply with applicable law (both at Customer's expense) with respect to handling of the Customer Data.

5. PARTNER RELATIONSHIP

5.1 Non-Payment by Partner.

SAP may at its sole discretion suspend Customer's use of the Cloud Service and/or terminate the Agreement if Partner fails to pay any fee or other amount payable by it on its due date.

5.2 Termination of partner relationship or orders relating to Customer.

If (i) Partner terminates all orders relating to the Customer or (ii) SAP terminates any of Partner's orders relating to the Customer for good cause or (iii) the partnership between SAP and Partner relating to the sale of subscription for the Cloud Services is terminated, SAP may (depending on Customer's choice):

- (a) directly provide the affected Cloud Service to the Customer pursuant to SAP's then-current General Terms and Conditions for SAP Cloud Services for mutually-agreed subscription fees; or
- (b) recommend to Customer other partners or third parties for the provision of the affected Cloud Service.

5.3 Independence of Partner.

Partner is not an agent of SAP. It is an independent entity with no authority to bind SAP or to make representations or warranties on SAP's behalf. SAP will not be liable for reasonably relying on the accuracy and reliability of written information provided by Partner in making any decision that would give SAP ground to suspend the Cloud Service or terminate the Agreement.

5.4 No representations or warranties.

SAP makes no representations or warranties as to such authorized distributor or reseller, or any other third party, related to the performance of the products or services of such entities, and fully disclaims any such warranties in accordance with Section 7.

6. TERM AND TERMINATION

6.1 Term.

The initial Subscription Term is as stated in the Cloud EULA Acceptance Form.

6.2 Termination.

- (a) A party may terminate the Agreement:
 - (i) upon thirty days written notice of the other party's material breach (including without limitation Customer's failure to pay Partner any fees due for the Cloud Service) unless the breach is cured during that thirty day period,
 - (ii) immediately, if the other party files for bankruptcy, becomes insolvent, or makes an assignment for the benefit of creditors, or otherwise materially breaches Sections 11 or 12.6.
- (b) SAP may terminate the Agreement if the relevant Cloud Services that this Agreement pertains to were terminated between SAP and Partner.

The parties agree there is no requirement to obtain a court order to exercise the rights of termination.

6.3 Effect of Expiration or Termination.

Upon the effective date of expiration or termination of the Agreement:

- (a) Customer's right to use the Cloud Service and all SAP Confidential Information will end,
- (b) Confidential Information of the disclosing party will be returned or destroyed as required by the Agreement, and
- (c) termination or expiration of the Agreement does not affect other agreements between the parties.

6.4 Survival.

Sections 6.3, 6.4, 8, 9, 10, 11, and 12 will survive the expiration or termination of the Agreement.

7. WARRANTIES

SAP and its licensors disclaim all representations, warranties, conditions or guarantees with respect to the Cloud Services express or implied, including without limitation, any implied warranties of merchantability, quality or fitness for a particular purpose except to the extent that any warranties implied by law cannot be validly waived.

7.1 Compliance with Law.

Customer warrants its current and continuing compliance with all laws and regulations applicable to it in connection with the Customer Data and Customer's use of the Cloud Service.

7.2 Good Industry Practices.

SAP warrants that:

- (a)** the Cloud Service will substantially conform to the specifications contained in the Documentation during the Subscription Term for the Cloud Services.
- (b)** the Service will materially conform to the specifications contained in the Documentation, Cloud EULA Acceptance Form, statement of work, deployment description or other documentation containing the scope and service description for the relevant Service in all cases agreed to by SAP at the point in time the relevant Service is performed by SAP and it will perform any Service in a workmanlike and professional manner using resources with the skills reasonably required to perform such Services.

7.3 Remedy.

- (a)** Provided Customer (and/or Partner on Customer's behalf) notifies SAP in writing with a specific description of the Cloud Service's or the Service's nonconformance with the warranty in Section 7.2 within the warranty period without undue delay and SAP validates the existence of such nonconformance, SAP will, at its option:
 - (i)** with regard to the Cloud Services:
 - (a)** correct or replace the nonconforming Cloud Service, or
 - (B)** if SAP fails to correct the nonconformance after using reasonable commercial efforts, terminate the access to the nonconforming Cloud Service.
 - (ii)** with regard to the Services, re-perform the nonconforming Service.
- (b)** This does not apply to trivial or non-material cases of nonconformance and is Customer's sole and exclusive remedy under the warranty in Section 7.2. The written notification of any nonconformance by Customer (and/or Partner on Customer's behalf) must include sufficient detail for SAP to analyse the alleged nonconformance. Customer must provide commercially reasonable assistance to SAP in analysing and remediating any nonconformance of the Cloud Service and Service.
- (c)** For clarification purposes, SAP will
 - (i)** with regard to the Cloud Services: in all cases; and
 - (ii)** with regard to the Services: if SAP fails to correct the nonconformance of the Service after using reasonable commercial effort, consult with Partner to define a reasonable amount **(a)** by which Partner may reduce the subscription fees or the fees for the nonconforming Service, in case Partner has not already paid them, or **(b)** if Partner has already paid the subscription fees or the fees for the nonconforming Service, which SAP will refund to Partner to reflect the nonconformance.
- (d)** SAP may fulfill its warranty obligations vis-à-vis Partner or Customer. To the extent that SAP fulfills its warranty obligations vis-à-vis Partner, Customer will not have any claim against SAP for a breach of the warranty in Section 7.2.

7.4 System Availability.

- (a)** SAP warrants to maintain an average monthly system availability for the production system of the Cloud Service as defined in the SLA or Supplement.
- (b)** Customer's sole and exclusive remedy for SAP's breach of the SLA is the issuance of a credit as described in the SLA, whereby the service level credit will be calculated based on the non-discounted subscription fee set out in the order form agreed between SAP and Partner. Customer must notify Partner in writing (email permitted) within twenty-one business days after each calendar month in that SAP does not meet the SLAs, so that Partner can follow SAP's posted credit claim procedure. When the validity of the service credit is confirmed by SAP in writing (email permitted) to Partner, SAP will issue such credit to the Partner who should then forward the credit to Customer.

7.5 Warranty Exclusions.

The warranties in Sections 7.2 and 7.4 will not apply if:

- (a)** the Cloud Service is not used in accordance with the Agreement or Documentation,
- (b)** the nonconformance is caused by Partner, Customer, another third party, or by any product, database, content or service not provided by SAP, or
- (c)** the Cloud Service was provided for no fee or is a trial license of the Cloud Service or both.

7.6 Disclaimer.

Except for the warranties, terms, conditions, representations or statements expressly set out in this Agreement, all other warranties, terms, conditions, representations or statements which might have effect between the parties or be implied or incorporated into this Agreement or any collateral contract, whether by statute, common law, custom or otherwise, are hereby excluded to the fullest extent permitted by law, including any implied conditions, warranties or other terms as to quality or fitness for purpose or non-infringement of any third party's rights or that the operation of any products or services will be secure, uninterrupted or error free. Customer agrees that it is not relying on delivery of future functionality, public comments or advertising of SAP or product roadmaps in obtaining subscriptions for any Cloud Service.

8. THIRD PARTY CLAIMS

8.1 Claims Brought Against Customer.

- (a)** SAP will defend Customer against claims brought against Customer and its Affiliates by any third party alleging that Customer's and its Affiliates' use of the Cloud Service infringes or misappropriates a patent claim, copyright or trade secret right. SAP will indemnify Customer against all damages finally awarded against Customer (or the amount of any settlement SAP enters into) with respect to these claims.
- (b)** SAP's obligations under Section 8.1 will not apply if the claim results from (i) Customer's breach of Section 2, (ii) use of the Cloud Service in conjunction with any product or service not provided by SAP, or (iii) use of the Cloud Service provided for no fee.
- (c)** In the event a claim is made or likely to be made, SAP may (i) procure for Customer the right to continue using the Cloud Service under the terms of the Agreement, or (ii) replace or modify the Cloud Service to be non-infringing without a material decrease in functionality. If these options are not reasonably available, SAP may terminate Customer's subscription to the affected Cloud Service upon written notice.

8.2 Claims Brought Against SAP.

Customer will defend SAP against claims brought against SAP, SAP SE, its Affiliates and subcontractors by any third party related to Customer Data.

Customer will indemnify SAP against all damages finally awarded against SAP, SAP SE, its Affiliates and subcontractors (or the amount of any settlement Customer enters into) with respect to these claims.

8.3 Third Party Claim Procedure.
