Nothing in this Agreement prohibits or restricts either Party's right to develop, make, use, market, license, position, provide and distribute software, cloud services, maintenance services, subscription services or other services, documents, materials or other products similar to or competitive with those of the other Party as long as it does not thereby breach its confidentiality obligations or any other part of this Agreement.

2. Partner acts in its own name, at its own risk and for its own account for the performance of any activities arising under any part of this Agreement. The Parties are therefore independent contractors and do not act as agents or representatives of each other. Neither Party is entitled, to hold itself out as representing the other Party or to make any statement or give any undertaking on behalf of the other Party.

3. This Agreement must not be construed as creating a partnership, joint venture, agency relationship or granting a franchise under any applicable laws.

Article 2 Confidentiality

1. Confidential Information must not be used or reproduced in any form except as required to accomplish the intent of this Agreement. Any reproduction of any Confidential Information of a party disclosing the information ("**Disclosing Party**") remains the property of the Disclosing Party and must contain any and all confidential or proprietary notices or legends which appear on the original.

Article 3 Performance Warranty

1. In case of the Sell On Premise Model, the Service Model and any other SAP PartnerEdge Model under which Software is sold to Partner that is not expressly mentioned in this Article 3 (Performance Warranty), the following warranty applies to the Software sold by SAP to Partner:

a) SAP warrants that the Software will substantially conform to the specifications contained in the Documentation for six months following Delivery of the Software. The warranty does not apply: (i) if the Software is not used in accordance with the applicable SAP PartnerEdge Model, any other

part of the Agreement and/or the Documentation; (ii) if the nonconformance is caused by a Modification or Add-on (other than a Modification or Add-on made by a member of the SAP Group which is provided through Maintenance Services or under warranty), Partner, End User, another third party, Partner software, End User software, third-party software, third party database or any other software not distributed by SAP; or (iii) to any unlicensed activity of Partner and/or End User. SAP does not warrant that the Software will operate uninterrupted or that it will be free from minor defects or errors that do not materially affect such performance or that the applications contained in the Software are designed to meet all of Partner's and/or End User's business requirements.

b) Provided Partner notifies SAP in writing with a specific description of the Software's nonconformance within the warranty period and SAP validates the existence of such nonconformance, SAP will, at its option: (i) repair or replace the nonconforming Software, or (ii) refund the license fees paid for the applicable nonconforming Software in the two latter cases (replacement and refund) in exchange for a return of such nonconforming Software. This is Partner's sole and exclusive remedy under this warranty. Partner's written notification of any nonconformance must include sufficient detail for SAP to analyse the alleged nonconformance. Partner must provide and ensure that End User also provides commercially reasonable assistance to SAP in analysing and remediating any nonconformance of the Software.

2. In case of the Sell Cloud Model and any other SAP PartnerEdge Model under which Cloud Services are sold to Partner that is not expressly mentioned in this Article 3 (Performance Warranty), the following warranty applies to the Cloud Services sold by SAP to Partner:

a) SAP warrants that the Cloud Services will substantially conform to the specifications contained in the Documentation during the subscription term for the Cloud Services. The warranty does not apply: (i) if the Cloud Service is not used in accordance with the applicable SAP PartnerEdge Model, any other part of the Agreement and/or the Documentation; (ii) if the nonconformance is caused by Partner, End User, another third party, Partner products, End User products, third party products, third party database, implementation or configuration performed by any party other than a member of the SAP Group, or any content or service being accessed through a Cloud Service that is identified as third party products, content or services; (iii) if the Cloud Service being used was provided for no fee or is a trial license of the Cloud Service or both. SAP does not warrant that the Cloud Service will operate uninterrupted (consequences for not meeting certain service levels are set out in the relevant SAP PartnerEdge Model) or that it will be free from minor defects or errors that do not materially affect such performance or that the applications contained in the Cloud Service are designed to meet all of Partner's and/or End User's business requirements.

b) Provided Partner notifies SAP in writing with a specific description of the Cloud Service's nonconformance within the warranty period without undue delay and SAP validates the existence of such nonconformance, SAP will, at its option: (i) correct or replace the nonconforming Cloud Service, or (ii) if SAP fails to correct the nonconformance after using reasonable commercial efforts, terminate the access to the nonconforming Cloud Service. In all cases SAP will consult with Partner to define a reasonable amount (i) by which Partner may reduce the license fees, in case Partner has not already paid them, or, (ii) if Partner has already paid the license fees, which SAP will refund to Partner to reflect the nonconformance. This does not apply to trivial cases of nonconformance. This is Partner's sole and exclusive remedy under this warranty. Partner's written notification of any nonconformance must include sufficient detail for SAP to analyse the alleged nonconformance. Partner must provide and ensure that End User also provides commercially reasonable assistance to SAP in analysing and remediating any nonconformance of the Cloud Service.

3. In case of the Sell Cloud Model and any other SAP PartnerEdge Model under which Services are sold to Partner that is not expressly mentioned in this Article 3 (Performance Warranty), the following warranty applies to the Services sold by SAP to Partner:

a) SAP warrants that (i) the Service will materially conform to the specifications contained in the applicable Documentation, Order Form, statement of work, deployment description or other documentation containing the scope and service description for the relevant Service in all cases agreed to by SAP at the point in time the relevant Service is performed by SAP; and (ii) it will perform any Service in a workmanlike and professional manner using resources with the skills reasonably required to perform such Services. SAP does not warrant that the Service is designed to meet all of Partner's and/or End User's business requirements.

b) Provided Partner notifies SAP in writing with a specific description of the Service's nonconformance without undue delay and SAP validates the existence of such nonconformance, SAP will, at its option: (i) re-perform the nonconforming Service; (ii) or if SAP fails to correct the nonconformance after using reasonable commercial efforts, consult with Partner to define a reasonable amount (α) by which Partner may reduce the fees for the nonconforming Service, in case Partner has not already paid them, or (β) if Partner has already paid the fees for the nonconforming Service, which SAP will refund to Partner to reflect the nonconformance. This does not apply to non-material cases of nonconformance. This is Partner's sole and exclusive remedy under this warranty. Partner's written notification of any nonconformance must include sufficient detail for SAP to analyse the alleged nonconformance. Partner must provide and ensure that End User also provides commercially reasonable assistance to SAP in analysing and remediating any nonconformance of the Service.

4. SAP may fulfill its warranty obligations directly vis-à-vis Partner's affected End Users. In such case and to the extent that SAP fulfills its warranty obligations directly vis-à-vis Partner's affected End Users, Partner will not have any claim against SAP out of this Article 3 (Performance Warranty). If SAP refunds any or all parts of the license fees or other fees paid by Partner to SAP or any or all parts of the license fees or other fees paid by End User to Partner for the nonconforming Software, Cloud Service or Service directly to the End User, Partner will have no claim against SAP regarding the refund of such license fees or other fees paid by it to SAP but in the latter case (refund of any or all part of the license fees or other fees paid by End User to Partner) will have to repay to SAP the prorated difference between the license fees or other fees paid by End User to Partner to the license fee paid by Partner to SAP (Partner's margin).

5. Express Disclaimer. SAP AND ITS LICENSORS DISCLAIM ALL OTHER REPRESENTATIONS, WARRANTIES, CONDITIONS OR GUARANTEES WITH RESPECT TO ANY SAP PRODUCT EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY OR FITNESS FOR A PARTICULAR PURPOSE EXCEPT TO THE EXTENT THAT ANY WARRANTIES IMPLIED BY LAW CANNOT BE VALIDLY WAIVED.
