# SAP S/4HANA Cloud Public Edition - Embedded Launch Activities Specifications

## Feature Scope Description

### Scope of embedded launch activities for SAP S/4HANA Cloud Public Edition

Embedded launch activities are available for SAP customers subscribing for the first time, effective May 15, 2025, to any of the SAP Cloud Services below:

- SAP S/4HANA Cloud Public Edition, Finance Base
- SAP S/4HANA Cloud Public Edition, Finance Premium
- SAP S/4HANA Cloud Public Edition, Supply Chain Base
- SAP S/4HANA Cloud Public Edition, Supply Chain Premium
- SAP S/4HANA Cloud Public Edition, Finance Base and Supply Chain Base

The embedded launch activities herein consist of three (3) main components:

1. Onboarding Journey
2. Guided Enablement
3. Adoption Touchpoint

All information is provided in the English language.

### 1. Onboarding Journey

Each eligible customer is entitled to at least one (1) dedicated onboarding session, a series of one-to-many sessions, and an Onboarding Plan.

### 2. Guided Enablement

Each embedded launch activities entitlement provides access to the Learning Journey covering the following topics:

| Topics | Asset Type |
|---|---|
| Learning Journey for IT | e-learnings |
| Learning Journey for project participants | e-learnings |
| Learning Journey for business users | e-learnings |

## 3. Adoption Touchpoint

Each eligible customer is entitled to request a remote quality check service which analyzes the SAP production environment in scope for current process adoption and usage. Output highlights key SAP usage indicators for considerations, potential improvements, and SAP best practices recommendations.

## 4. Out of Scope Items

SAP is not providing:

- implementation, review, customer-specific advisory, or any other recommendation other than defined in the scope above;
- implementation of SAP S/4HANA Cloud Public Edition or SAP products; and
- Organizational Change Management and training.

Customers using “Managed Service Provider” (MSP) [also known as “Partner Managed Cloud” (PMC)] subscriptions or using “BPO Services” (business process outsourcing services) are not eligible for embedded launch activities.

Customers with SAP NS2 subscriptions or SAP Sovereign Cloud subscriptions are subject to special terms and conditions and are not eligible for embedded launch activities.

DISCLAIMER: SAP retains the right to change, at any time in its sole discretion, this Specification sheet, subject to any limitations in the applicable agreement between SAP and Customer for the Cloud Service.
