

**Annex B - SAP SE General Terms and Conditions for SAP Remote Access and Connectivity (SAP RAC)
Services provided through the SAP Integration and Certification Center ("ICC") - US Law**

1. SCOPE

- 1.1. These General Terms and Conditions (herein: "GTCs") shall apply exclusively to all Service Offers under which SAP SE (herein: "SAP") provides any remote access and connectivity services to a complementary solution provider (herein: "Vendor"). These GTCs apply to all remote services provided through the ICC (for example any SAP Remote Access and Connectivity service).
- 1.2. These GTCs, and any applicable executed Service Offer, represent the sole and exclusive understanding of the Parties. No conflicting or other provision, including but not limited to any general terms and conditions of Vendor, shall become part of the Remote Access Service Contract, even if such conditions are appended to a Vendor's order and SAP performs the order without expressly rejecting such conditions.

2. DEFINITIONS

- 2.1. **"Confidential Information"** means all information which the Parties protects against unrestricted disclosure to others, furnished by one party to the other or otherwise obtained by the Parties under the Remote Access Service Contract, that (i) is clearly identified as confidential, internal or proprietary at the time of disclosure; or (ii) is by its nature recognizable as potentially confidential or is disclosed in a manner that it may be reasonably inferred to be confidential, internal, or proprietary at the time of disclosure. In addition, information of SAP, including without limitation software, know-how, business models, processes, techniques and concepts, information on customers and partners, information on any third-party software used, flow charts, documentations and product specifications, as well as the conditions of the Service Offer and all agreements relating thereto, are understood to constitute Confidential Information of SAP without regard to the marking requirements above.
- 2.2. **"Complementary Solution"** means a solution provided or offered by a Vendor using the SAP Remote Access and Connectivity Services.
- 2.3. **"Intellectual Property Rights"** means all intellectual property and proprietary rights, including without limitation all rights of inventorship and authorship, invention, patents of any type, design rights, utility models or other similar invention rights, copyrights, and related rights, mask work rights, trade secret or confidentiality rights, know-how, trademark, moral rights, trade dress, service mark rights, computer software, proprietary information and data, databases, and any other intangible property rights, in each case whether registered or unregistered, including applications (or rights to apply), renewals, and extensions for any of the foregoing, in any country, arising under statutory or common law or by contract and whether or not perfected, which subsist now or will subsist now or in the future.
- 2.4. **"Remote Access Service Contract"** means the combination of these GTCs and any applicable Service Offer executed pursuant thereto between SAP and a given Vendor.
- 2.5. **"Service Offer"** means an offer from SAP SE to a Vendor for SAP to perform remote access and connectivity services through the SAP Integration and Certification Center.
- 2.6. **"SAP Software"** means any proprietary SAP software, tools or content as further described in a Service Offer that are provided by SAP under the Remote Access Service Contract to Vendor.
- 2.7. **"Affiliate"** means a legal entity that now, or in the future, directly or indirectly, is controlled with or by, or is under common control with, the Vendor. For purposes of the foregoing, "control" is defined as the ownership of fifty percent (50%) or more of the equity or beneficial interest of such legal entity or for purposes of foreign corporations, if less than fifty percent (50%), the maximum amount allowed by applicable law. Any such entity shall be considered an Affiliate for only such time as Vendor continues to own such equity interest.

3. SERVICE OFFERS; CONTRACT EXECUTION; FORM

- 3.1. These GTCs also apply to any relations between SAP and Vendor prior to the execution of a Service Offer.
- 3.2. All items provided by SAP to Vendor before execution of the Service Offer (examples: proposals, test programs, designs) are the property of SAP (see § 10) and must not be copied or made accessible to third

parties. If no Service Offer is executed, they must be returned or deleted and Vendor must, not later than the time the parties fail to conclude a Service Offer, cease and desist from using them.

- 3.3. Except otherwise provided in the Service Offer, Vendor may send a notice of acceptance within a period of four weeks after the issue date of the Service Offer. Any acceptance received by SAP after this period of time is null and void, and SAP has no obligation to fulfill the Remote Access Service Contracts.
- 3.4. The execution of the Remote Access Service Contract, as well as any subsequent amendment, supplement notice of default, or deadline notices or termination notices are only valid if made in writing. The foregoing provision also applies to any waiver of the written-form requirement.
- 3.5. The requirement of a written form in § 3 subparagraph 4 (or elsewhere in the Remote Access Service Contract) requires at least a facsimile transmission or exchange of letters, or as otherwise expressly agreed in the Remote Access Service Contract.
- 3.6. Unless it is expressly confirmed in writing by SAP, no communication of any kind may be construed as imposing on SAP any other or further responsibilities or commitments than is set forth in the Remote Access Service Contract. Guarantees are effective only if expressly confirmed in writing by a senior officer of SAP.

4. PROVISION OF WORKS AND SERVICES

- 4.1. The Remote Access Service Contract defines the scope of the works and services. In addition, SAP provides Vendor with access to certain software tools as described in an executed Service Offer, to support the services provided under the Remote Access Service Contract. The license rights are subject to § 7 of the GTCs and to the extent as provided for in an executed Service Offer. Upon expiration of an executed Service Offer, any license rights to use the SAP Software will terminate with immediate effect, and Vendor must cease all use of such SAP Software.
- 4.2. Unless the executed Service Offer specifies the hardware and/or the software to be provided, SAP may choose the hardware and/or software at its sole discretion, including the right to choose the software release or version. Remote access depends on the availability of the SAP system at the ICC. In principle, remote access will be provided during regular business hours (Central European Time, CET). However, SAP offers no guarantees or other representations regarding availability of the SAP system at the ICC.
- 4.3. SAP systems cannot be accessed remotely while they are being upgraded or during other system administration work. Such activities may take place during regular business hours. If possible, SAP will give advance notice of any unavailability of the SAP system by SAP system message or by e-mail.
- 4.4. SAP will provide remote consulting support to Vendor solely in relation to guidance in setting up the network connection for remote access, as described in the executed Services Offer. Further consulting services with respect to integration and training for the integration testing to be conducted by Vendor may be agreed under a separate agreement subject to the then current terms and conditions.
- 4.5. SAP employees must not be integrated into Vendor's workforce and Vendor has no managerial authority over them. Any instructions given by Vendor must relate to the scope of the works and services in the executed Services Offer and must be given to SAP's project coordinator.
- 4.6. SAP will decide which employees to use and reserves the right to replace any employee at any time. SAP may deploy freelance workers and other contractors to perform its duties in the Remote Access Service Contract as long as they are subject to confidentiality obligations.
- 4.7. Any deadlines are non-binding, except where SAP expressly agrees in writing that time is of the essence. Except with respect to those circumstances where time is of the essence, SAP will only be in default after thirty days written notice given by Vendor after expiration of the deadline. If SAP fails to comply with such a deadline where time is of the essence, Vendor must set a reasonable period of grace, which shall not be shorter than two weeks. After expiration of such period of grace and SAP's non-performance, Vendor is entitled to rescind or terminate the Remote Access Service Contract.

5. VENDOR'S CONTRIBUTIONS

- 5.1. In all phases and for all concerns, the reasonable cooperation of the Vendor is required. Vendor must provide all contributions free of charge as required in connection with performance of its obligations under the Remote Access Service Contract, including but not limited to providing necessary personnel,

workspace, hardware, software, data, and telecommunications facilities, answering questions, and evaluating SAP's deliverables. To the extent required for performance under the Remote Access Service Contract, Vendor shall grant SAP direct and remote access to Vendor's hardware and software.

- 5.2. Vendor must nominate in writing a suitable contact person for SAP (and qualified subproject leads, if beneficial for the collaboration), and provide SAP with the contact data (especially an e-mail address and telephone number) at which SAP can always reach each such person or an authorized substitute. The contact person must be able to make necessary decisions for Vendor or ensure that they are made without delay. Vendor must inform SAP of all changes to the contact details in writing without delay.
- 5.3. Vendor is responsible for making all its own internal arrangements necessary to receive remote services. In addition, Vendor must ensure that its use of remote access services does not adversely affect the use of those services by other customers.
- 5.4. Vendor must bear all costs and expenses arising out of its breach of its collaborative duties in this § 5 or elsewhere in the Remote Access Service Contract. Vendor is obligated to pay any agreed upon fees in case of SAP's non-performance pursuant to Vendor's failure to perform or properly perform its obligations under the Remote Access Service Contract.

6. SPECIAL PROVISIONS CONCERNING REMOTE ACCESS

- 6.1. The type of system access depends on Vendor's selection in the order form. Systems can be remotely accessed by (i) direct internet access, (ii) leased line of qualified network provider, (iii) ISDN dial-in, or (iv) Virtual Private Network (VPN) via internet. After executing the Contract, Vendor may discuss the best form of connection in the particular circumstances with SAP's dedicated contact person.
- 6.2. Remote access will be provided via the communications interfaces (for example, IP addresses) specified in the executed Service Offer using Vendor's password or authorization concept. Any specific Vendor employee provided with a password shall change the password frequently, but not less than once a month, and will keep password secret from others. As soon as Vendor becomes aware that a third party knows the password, it shall notify SAP without delay. Vendor is liable for all damages resulting from the unauthorized use of the SAP Software through Vendor's password, whether the damage is caused by any act or omission of Vendor, Vendor's employee, or any third party using Vendor's password.
- 6.3. The SAP Software is running on SAP servers and must not be copied to Vendor's server. Vendor has no right to receive the SAP Software in tangible form or otherwise.
- 6.4. Vendor is solely responsible for uploading and storage of its own data on SAP's server. Vendor shall only store data on SAP's server that is relevant for the system and required for the proper use of the SAP Software under the executed Service Offer. Further, Vendor is responsible for the supply and maintenance of its data and undertakes to check that the data is free of viruses, Trojan horses, and other malicious software.
- 6.5. Vendor is responsible for all content it provides and that becomes accessible via the SAP systems through Vendor's act or omission under the Remote Access Service Contract. Vendor shall indemnify SAP and hold SAP harmless from all third party claims in this respect.
- 6.6. When Vendor's license to use the SAP Software terminates, SAP shall return to Vendor all of Vendor's data that is still stored on the SAP server. Vendor has no right under the Remote Access Service Contract to claim any program suitable to use the data, including, but not limited to, the SAP Software.

7. LICENSE GRANT

- 7.1. Upon execution of the Service Offer, SAP grants to Vendor, for the term set forth in the Service Offer, a nonexclusive, non-transferable, non-sub licensable right to internally use the SAP Software described in the executed Service Offer solely for testing purposes and solely in connection with the remote access services provided under the Remote Access Service Contract. Vendor shall grant access to the SAP Software only in the exercise of its license, and only to Vendor's own employees and to contractors approved by SAP in writing.
- 7.2. Vendor must not remove any copyright or authorship notice, trademark, patent notice or any other reference to SAP's or SAP licensor's property.

- 7.3. All Intellectual Property Rights relating to the SAP Software made available under the Remote Access Service Contract remain vested exclusively in SAP and/or its licensors.
- 7.4. Vendor is not permitted to copy, translate, edit, arrange, or otherwise rework the software products. All Intellectual Property Rights in any modifications, and enhancements, or other derivative works of the SAP Software shall exclusively belong to SAP.
- 7.5. Vendor must not use any method including, but not limited to, decompiling, disassembly, and reverse engineering to determine the source code of the software products, or to obtain information about the design and creation of the SAP Software, except to the extent such restrictions are prohibited by applicable law.

8. PAYMENTS; RETENTION OF RIGHTS

- 8.1. The remuneration is as agreed in the executed Service Offer. If Vendor does not pay the agreed remuneration, SAP is entitled to refuse or cease to provide remote access and the associated services until full and final payment. All fees are non-refundable.
- 8.2. All prices are subject to statutory sales tax/VAT. SAP is entitled to submit invoices for partial performance. Payments are due on receipt of invoice and must be made within thirty (30) days. No cash discount will be granted. SAP charges interest at a rate of 1.5% per month beginning sixteen (16) days after the due date for such payment.
- 8.3. All amounts under the Remote Access Service Contract are payable in advance. In general, the billing will be subject to the pricing set forth in the Service Offer. If no fixed price is agreed billing will be on a resource-related basis listing the provided works and services in the invoice.
- 8.4. Invoices are deemed accepted unless Vendor rejects them in writing within two weeks.
- 8.5. Vendor may not assign its claims to a third party.

9. LIMITED WARRANTY; INDEMNITY

- 9.1. While SAP shall use commercially reasonable efforts to provide the works and services under the Remote Access Service Contract in a professional and workmanlike manner, SAP cannot guarantee that every problem raised by Vendor may be resolved. Certain technical difficulties may result in service interruptions. Nothing under the Remote Access Service Contract may be construed as expanding any warranty under any other agreement between SAP and Vendor. EXCEPT FOR THE FOREGOING EXPRESS LIMITED WARRANTY; AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW; SAP AND ITS LICENSORS DO NOT MAKE; AND VENDOR DOES NOT RECEIVE ANY; WARRANTIES; REPRESENTATIONS OR CONDITIONS OF ANY KIND; EXPRESS; IMPLIED; STATUTORY; OR OTHERWISE RELATED TO OR ARISING IN ANY WAY OUT OF THE REMOTE ACCESS SERVICE CONTRACTS OR THE PROVISION OF SERVICES THEREUNDER: SAP SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY; SATISFACTORY QUALITY; NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE. - 9.3. Vendor shall be solely responsible for and will indemnify, defend and hold SAP, SAP's affiliated companies and SAP's representatives, officers, employees, directors and agents harmless from and against any claims, damages, losses, liabilities, obligations, penalties and expenses. Including any legal fees and expenses, relating to or based on (i) any claims of negligence, misrepresentation, or errors or omissions on the part of Vendor or its representatives; and (ii) any claims that Vendor's Complementary Solution infringes Intellectual property rights. Any such claim is contingent upon (i) SAP notifying Vendor of the claim writing and in full detail without delay, and (ii) SAP authorizing Vendor to conduct the dispute in and outside court against the third party. Vendor at its expense shall provide SAP with all reasonable assistance to defend against the claim.
- 9.4. Vendor warrants that all data uploaded by Vendor onto SAP's servers is free of viruses, Trojan horses, and other malicious software.

10. LIMITATION ON LIABILITY

- 10.1. SUBJECT TO § 10 2. ANYTHING TO THE CONTRARY HEREIN NOTWITHSTANDING, WETHER IN CONTRACT; TORT OR OTHERWISE UNDER NO CIRCUMSTANCES SHALL SAP OR ITS LICENSORS BE LIABLE TO VENDOR OR ANY OF ITS REPRESENTATIVES FOR AN AMOUNT OF DAMAGES IN EXCESS OF THE PAID SERVICE FEES SET FORTH IN THE CONTRACT, OR BE LIABLE IN ANY AMOUNT FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR INDIRECT DAMAGES, LOSS OF GOOD WILL OR BUSINESS PROFITS, WORK STOPPAGE, DATA LOSS, COMPUTER FAILURE OR MALFUNCTION, ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSS, OR EXEMPLARY OR PUNITIVE DAMAGES, EVEN IF SAP HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SAP'S LIABILITY IS CUMULATIVE; WITH ALL OF VENDORS LOSSES BEING AGGREGATED TO DETERMINE SATISFACTION OF THE LIMIT. The provisions of the Agreement allocate risks between SAP and Vendor. - 10.3. Vendor undertakes to take appropriate steps to safeguard its data and programs, including without limitation making backup copies every day in machine readable form. SAP shall not liable for any loss of data or programs where the loss could have been avoided by compliance with this undertaking. In all other respect SAP's liability for loss of data is subject to the limitations in this § 10.
- 10.4. Vendor will be responsible and may be held liable for any non-compliance and breach of this contract by an Affiliate making use of the deliverables of the services. Vendor must ensure that the Affiliate complies with all provisions of this contract that might be applicable for using the deliverables of the services.

11. CONFIDENTIALITY AND DATA PROTECTION

- 11.1. Each party of the Remote Access Service Contract agrees (i) to maintain the other party's Confidential Information in strict confidence, taking steps to protect the other party's Confidential Information substantially similar to those steps that the party takes to protect its own similar proprietary and confidential information, which shall not be less than a reasonable standard of care; (ii) not to disclose or reveal any Confidential Information to any third party other than employees and contractors of either party who are under obligations of confidentiality substantially similar to those set forth herein and who are actively and directly participating in the services described in the Contract or who otherwise need to know the Confidential Information for the purpose of the services described in the Contract; (subject to the additional restrictions in § 11, subparagraph 3); (iii) to retain any and all confidential or internal or proprietary notices or legends which appear on the original and on any reproductions.
