## Description

Document change number (without document management sys.)  
Variant Price Allowed (for Article master)  
Article Category  
Authorization Group  
Container requirements  
Old article number  
Number of sheets (without document management system)  
Page number of document (without document management sys.)  
Creation Status - Seasonal Procurement  
Source of Supply  
Procurement rule  
CAD Indicator  
Valid-From Date  
Purchasing Value Key  
External Merchandise Category  
Fashion Grade  
Production/inspection memo  
Page Format of Production Memo  
Size/dimensions  
Indicator: Highly Viscous  
Indicator: In Bulk/Liquid  
Net contents  
Gross contents  
Content unit  
Period Indicator for Shelf Life Expiration Date  
Environmentally Relevant  
Valid To/Deletion Date  
Merchandise Category: Packaging Articles  
Article Number  
Merchandise Category  
Industry sector  
Total shelf life  
Storage percentage  
Minimum Remaining Shelf Life  
Empties Bill of Material  
Cross-Site Article Status  
Cross-distribution-chain article status  
Date from which the cross-site article status is valid  
Date from which the X-distr.-chain article status is valid  
Article Type  
Generic Item category group  
Industry Standard Description (such as ANSI or ISO)  
Article qualifies for discount in kind  
Price Band Category  
Pricing Reference Article  
Product hierarchy  
Storage conditions

Rounding rule for calculation of SLED  
Season Year  
Season Category  
Rollout in a Season  
Cross Site Configurable article  
Division  
Pricing profile for variants  
Temperature conditions indicator  
Article Description (Short Text)  
Transportation Group  
Variable Purchase Order Unit Active  
Comparison price unit  
Batch management requirement indicator  
Indicator: Approved batch record required  
Document type  
Page format  
Document  
Characteristic Name  
Internal char no.  
Characteristic Value  
Rounding value  
Source of Supply  
CC indicator is fixed  
Commodity Code/Import Code Number for Foreign Trade  
Stock Planner (Articles Planner)  
Default storage location for external procurement  
Lot size (replenishment planning)  
RP Type  
Article: RP profile  
Safety Stock  
Minimum Safety Stock  
Purchasing Group  
Distribution profile of article in site  
Stock Type  
Indicator: "automatic purchase order allowed"  
Indicator: smooth promotion consumption  
Loading Group

Planning cycle  
Service level  
Logistics handling group for workload calculation

ABC Indicator  
Maximum stock level  
Reorder Point  
Site-Specific Article Status  
Date from which the site-specific article status is valid  
Checking Group for Availability Check  
Period Indicator  
Planned Delivery Time in Days

Rounding Profile  
Base quantity for capacity planning in shipping  
IS-R service level  
UoM Group  
Base quantity for capacity planning in shipping  
Shipping processing time  
To date of the article to be copied for consumption  
Multiplier for reference article for consumption  
Reference article for consumption  
Reference site for consumption  
Shipping setup time  
Goods Receipt Processing Time in Days  
Negative stocks allowed in site  
Rounding value for purchase order quantity  
Source of Supply  
CC ind. fixed  
Lot size (replenishment planning)  
RP Type  
Stock Planner (Articles Planner)  
Article: RP profile  
Safety Stock  
Minimum Safety Stock  
Purchasing Group  
Distribution profile of article in site  
Indicator: "automatic purchase order allowed"  
Planning cycle  
Default storage location for external procurement  
Service level  
Logistics handling group for workload calculation  
Planning cycle  
Default storage location for external procurement  
Service level  
ABC Indicator  
Maximum stock level  
Reorder Point  
Site-Specific Article Status  
Date from which the site-specific article status is valid  
PPC planning calendar  
Checking Group for Availability Check  
Period Indicator  
Planned Delivery Time in Days  
Commodity Code/Import Code Number for Foreign Trade  
Rounding Profile  
Base Unit of Measure  
IS-R service level  
UoM Group  
Base quantity for capacity planning in shipping  
Shipping processing time  
To date of the article to be copied for consumption  
Multiplier for reference article for consumption

Reference article for consumption  
Reference site for consumption  
Shipping setup time  
Goods Receipt Processing Time in Days  
Negative stocks allowed in site  
Assortment List Type  
Commodity Code/Import Code Number for Foreign Trade  
Date to which listed in the store  
Date to which listed in the central warehouse/distr. center  
Date from which listed in the store  
Date from which listed in the distribution center  
Listing procedure for store or other assortment categories  
Listing procedure for distr. center assortment categories  
Service agreement for a retail article  
Assortment grade

Date to which sold in the store  
Date to which sold in the distribution center  
Date from which sold in the store  
Date from which sold in the distribution center  
Valuation Class  
Valuation margin  
Purchasing Group  
Unit of measure for commodity code (foreign trade)  
Country of origin of the article  
Region of origin of article (non-preferential origin)  
Loading Group  
ABC Indicator  
Article Number Used by Vendor  
Info record Number  
Base unit of measure  
Dunning scale  
Dunning scale  
Dunning scale  
Purchase order unit of measure  
Regular vendor  
Variable Purchase Order Unit Active  
Planned delivery time in days  
Order Price Unit (Purchasing)  
Denominator for Conv. of Order Price Unit into Order Unit  
Numerator for Conversion of Order Price Unit into Order Unit  
Confirmation Control Key  
Effective price  
Purchasing group  
Shipping Instructions  
Article Number Used by Vendor  
Incoterms1  
Incoterms2  
Info record Number  
confirmation control

Country of Issue of Certificate of Origin  
Unit of Measure Group  
Purchase order unit of measure  
Price Determination (Pricing) Date Control  
Net price  
Tax on sales/purchases code  
Standard Purchase Order Quantity  
Price Unit  
Region (State, Province, County)  
Rounding Profile  
Indicator: Unlimited Overdelivery Allowed  
Overdelivery Tolerance Limit  
Overdelivery Tolerance Limit  
Currency Key  
Indicator: GR-Based Invoice Verification  
No Evaluated Receipt Settlement (ERS)  
Alternative Unit of Measure for Stockkeeping Unit  
Departure country (country from which the goods are sent)  
Tax category (sales tax, federal sales tax,...)  
Tax classification article  
Tax classification of the article  
Width  
Gross Weight  
Global Trade Item Number (GTIN)  
Weight Unit  
Height  
Indicator: Unit of measure is delivery unit/issue unit  
Ind.: Unit of measure is base unit (used internally only)  
Indicator: Unit of measure is the order unit  
Indicator: Unit of measure is the sales unit  
Length  
Unit of Dimension for Length/Width/Height  
Lower-Level Unit of Measure in a Packaging Hierarchy  
Net Weight  
Category of Global Trade Item Number (GTIN)  
Denominator for Conversion to Base Units of Measure  
Numerator for Conversion to Base Units of Measure  
Volume Unit  
Volume  
No repeat key  
Price required  
Discount allowed  
Scales group  
Date to which sold in the store  
Date from which sold in the store  
Distribution-chain-specific article status  
Date from which distr.-chain-spec. article status is valid  
Characteristic Name  
Characteristic Value  
Minimum order quantity in base unit of measure

Volume rebate group  
Delivering Site (Own or External)  
Minimum make-to-order quantity  
Article Pricing Group  
Account assignment group for this article  
Maximum delivery quantity in store order processing  
Minimum delivery quantity in delivery note processing  
Listing functions (assortments) are active  
Competition characterization of an article  
Item category group from article master  
Merchandise category 1  
Merchandise category 2  
Merchandise category 3  
Merchandise category 4  
Merchandise category 5  
Date to which listed in the store  
Date to which listed in the central warehouse/distr. Center  
Date from which sold in the store  
Date from which sold in the distribution center  
Listing procedure for distr. center assortment categories  
Ind.: Flag article for deletion at distribution chain level  
Unit of Measure Group  
Rounding Profile  
Assortment grade  
Date to which sold in the store  
Date to which sold in the distribution center  
Date from which sold in the store  
Date from which sold in the distribution center  
Distribution-chain-specific article status  
Date from which distr.-chain-spec. article status is valid  
Indicator for price fixing  
External assortment priority  
Pricing Reference Article
