PUBLIC

# SAP Fiori (Launchpad) on SAP Enterprise Portal

## Why SAP Fiori on SAP Enterprise Portal?

SAP Fiori is the user experience (UX) design principle for SAP software. It applies modern design principles for a completely reimagined user experience. SAP Fiori launchpad running on SAP Enterprise Portal contributes to the alignment of the SAP UI clients with the Fiori UX design. It is delivered as a multi-channel portal framework page following the Fiori design guidelines while leveraging the portal underlying technology and administration processes.

## What are the Benefits?

### New and highly improved user experience for end users

Renovation of Portal UX according to modern SAP Fiori design. Aligned look&feel of Portal and business applications.

### Easy configuration in the existing administration environment of Portal

Reuse of the existing admin concepts as role creation, permissions and configuration in the familiar Portal admin environment.

### Responsive Design and Mobile Consumption

Based on SAPUI5; providing end users a coherent user experience across devices and consumption channels.

### Flexibility: two Portal flavors on the same platform

Ajax Framework Page for desktop, admin and power user scenarios & Fiori Framework Page for cross device, application Portal and end user scenarios

## Key Capabilities

- New out-of-the-box Fiori Framework Page to display the complete SAP Fiori launchpad in the Portal
- Integration of single Fiori apps into the traditional L-shape Portal navigation (limited numbers of apps)
- The ability for administrators to configure content for different devices
- Supported content types (SAP Fiori transactional apps, analytical apps, factsheets, Portal iViews and pages incl. Web Dynpro apps, customer SAPUI5, SAP Fiori apps, native apps)
- Consumption of all Fiori apps types from the ABAP front-end server via “remote catalogs”
- The option for end users to create their own device-specific home pages, according to their needs
- APIs and plugins that enable you to extend and customize SAP Fiori launchpad

## Which Release do you need?

SAP NetWeaver 7.5 (recommended);  
for more information: see [SAP EP 7.5 presentation](#)
