### Preconfigured system with Best Practices

To achieve growth and innovation goals, small and medium sized enterprises in the Food & Beverage need a platform to speed up their business process and simplify decision-making. To answers these needs, delaware developed FAST-FOOD, a comprehensive ERP template, based on the latest SAP S/4HANA release. With FAST-FOOD your enterprise is ready for the challenges of the future.

The template contains **best practices**, acquired during 18 years of expertise and active presence in the food industry. More than 50 companies are successfully using FAST-FOOD. Through a proven project methodology (PROMAR) used across delaware risk is minimized and success is assured.

## THE SOLUTION – USER INTERFACE

- Multi device
- Easy to use
- Role based
- Collaboration tools
- Dashboards

## THE SOLUTION - YOUR COMPANY

Covering your full supply chain and supporting services.

## INDUSTRY NEEDS

Fish, cookies, coffee, potatoes... you name it!
