

SAP S/4HANA Enterprise Management Qualified Solution

As a long-time trusted SAP Global Partner, YASH Technologies works with SAP to help organizations operate with greater agility, make faster decisions, and collaborate with increased mobility around the world. YASH offers a complete range of tailored, future-proof SAP services to help customers simplify, innovate, and grow. We deliver the SAP expertise that our clients need to enhance their SAP platforms and operate as leaner and smarter businesses. With a specialized SAP resource base of 6000 consultants world-wide, spread across six continents and 17 delivery centers, YASH is positioned to design, implement, and maintain complex SAP engagements, as well as evolve SAP landscapes to achieve greatest business value.

YASH industry solutions including ManufacturingOne are pre-configured based on SAP Best Practices built on SAP S/4HANA, the in-memory ERP Suite that acts as the Digital Core of the entire enterprise. It supports the Internet of Things (IOT), Big Data, Real-Time Analytics, Mobile business networks, third party systems and more.
