

HR BOOSTER

▷ OVERVIEW

“Edraky’s HR Booster offers you the implementation of a complete core HR system in the cloud specifically designed for business execution”.

- This solution provides comprehensive, integrated core HR capabilities with pre-configured content; you can accelerate implementation for optimal time-to-value of your core HR processes in the cloud.
- Enable employees to leverage their talent, core HR, and personal profile data to collaborate on business goals.
- Help HR in measuring workforce business results and make decisions that affect financials.
- Reduce errors in self-service and boost adoption through innovations, such as built-in wizards, smart business rules, org charts, inline comments, audit history, and flexible workflows.
- Run in the cloud with a lower total cost of ownership than on premise solutions.
- Scale easily as business needs expansion, while delivering constant innovation without disruption.

Pay-as-you-go model provides a complete software solution where you purchase on a pay-as-you-go basis from a cloud service provider. You rent the use of an ERP for your organization, and your users connect to it over the Internet. All of the underlying infrastructure, middleware, ERP, and master data are located in the service provider’s data center.

The service provider manages the hardware and software, and with the appropriate service agreement,

The project period is only **6 weeks** depending on the fixed scope that guarantees the fulfillment of the basic HR processes.

- It will ensure the availability and the security of the ERP and master-data as well. This model allows your organization to get quickly up and running with an ERP at minimal upfront cost.

▷ BENEFITS

Lower TCO

Minimizing the upfront cost of hardware purchase and installation, as well on-going costs like maintenance, security, and upgrades.

Edraky HR Booster can be especially advantageous for small businesses because it provides access to expensive, high-powered software that might have been otherwise unobtainable through conventional purchasing methods.

Time

“Time is money” and thankfully, Edraky’s HR Booster can save both due to the short implementation period “6 Weeks” with a fixed scope.

Ease of accessibility

Edraky HR Booster is accessible from any computer or any mobile device, anytime, anywhere.

Compatibility and scalability

With the conventional software installation method, updates can require enormous amounts of time and money. Even worse, version discrepancies between members of your workforce can lead to compatibility issues and wasted time.
