

# ORDINARY EXTRAORDINARY

## People @ SAP

who help the world run better and improve people's lives

Mai Abaza - SVP Executive Assistant, Middle East South

“I am grateful for my family and my life experiences – all of which have taught me that kindness is strength. I grew up in Damascus, part of a close-knit family and community where giving back was important. I met and married my sweetheart in Syria and we had a wonderful life until the unrest caused us to leave and start a new life in the UAE. This was difficult, my family had become internationally dispersed and work was hard to come by. It took a year before I was fortunate to find a position with SAP which gave me the opportunity to build an amazing new life with my family. This experience taught me to never quit and fight for what I want and to celebrate the life I have. I am proud to be there for my family and now my 14-year-old son has every advantage to be successful. “

THE BEST RUN
