1. Flexibility and Speed in the Cloud – The SAP Cloud SDK

Have you been thinking about accessing or extending SAP solutions with a cloud-native app? Great! Let us get you started with the powerful SAP Cloud Software Development Kit. In this blog

post find out how [SAP S/4HANA Cloud transforms into SAP Cloud SDK](#). Then be sure to read about how integration goes hand in hand with modular cloud-native development to ensure large-scale success.

2. ABAP Open API UI v1 Released

After working out a way to get Swagger / OpenAPI documentation for any SAP Netweaver Gateway OData service (both OData V2 and OData V4 services are supported), [Geert-Jan Klaps](#) shares his solution based on two open source projects ([Swagger UI](#) and [OData-openapi](#)). As a result, he created a separate transaction to list all activated OData services and provide the required functionality from within this transaction.
