

# In the path for a more efficient, effective and flexible business management with **SAP Business One**<sup>®</sup>

## Before: Challenges and Opportunities

- Advanced Business Analytics
- Need for a more efficient Perpetual Costing System
- Optimize Inventory and Warehouse Processes (SCM & MRP)
- More updated, state-of-the-art Customer Relationship Management
- Integrated Reporting with 'mother' Company

## Why SAP and Alexander Moore:

- SAP Business One allows companies to become proactive instead of reactive and make informed business decisions.
- Alexander Moore SA has an experienced team and unique know-how in implementing SAP Business One in Medical industry.

## After: Value-Driven Results

- Efficient and advanced Workflows
- Customer Relationship Management
- Clear view of which services customers are using, helping sales representatives identify sales opportunities
- Financial and Accounting Planning and Control
- Warehouse management system optimization

SAP Business One is a powerful solution that allowed our growing business to establish a better relationship with our existing customers and focus on new opportunities and markets effectively in real time. Alexander Moore has been our trustful partner and worthy ally, providing us with their expertise and supporting us in this journey.
