

# SAP® Qualified

## Partner-Packaged Solution

### DCHEM - Deloitte's Pre-Configured Solution for Chemicals

DCHEM is the Deloitte's S/4HANA template for Chemicals industry with leading global practice combining our expertise across the Chemical industry. DCHEM helps accelerate project delivery and maximize speed-to-value

DCHEM is built on Deloitte's Leading Practices Solution – DleaPS platform, which is a cross industry SAP-Qualified Partner-Packaged Solution on S/4 HANA. It includes a suite of accelerators for end-to-end business processes with cross module integration

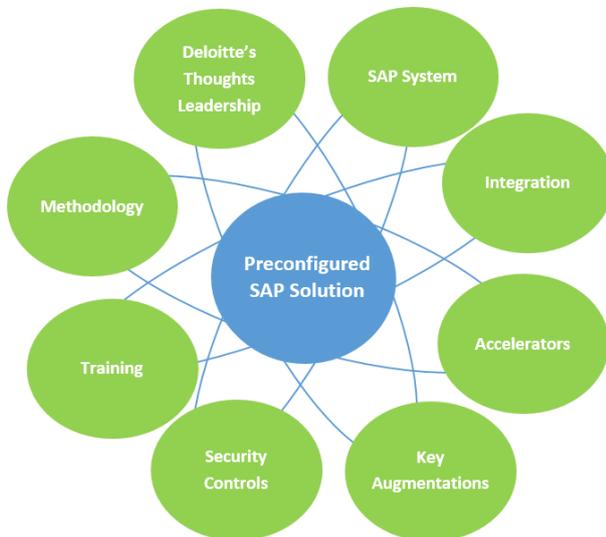

#### What is it?

- A preconfigured instance on SAP S/4HANA
- A solution focused on Chemicals industry
- A complete set of integrated prerecorded scenarios
- A set of accelerators (including configuration guides, predefined security roles, test scripts, training materials etc.)
- A demonstrated ERP methodology and solution for small, mid-sized, and large companies to reduce implementation risks

#### Value Proposition

- Reduced Implementation timeline by 30- 50%
- Addresses unique business challenges across chemicals industries
- Supports On-Premise and Private Cloud versions
- Reduces implementation risks through a demonstrated repeatable approach
- Emphasizes faster deployment
- Improved business processes with accelerated period close, forecasting process time and reporting
- No trial runs, so you can start straight off with a fully documented, working prototype
- Saves time and money and achieves predicted results

#### Solution Highlights

#### Preconfigured Solution:

- ✓ Leveraged SAP's Industry Best Practice
- ✓ Ready to run scenarios
- ✓ Predefined reports
- ✓ Preconfigured Fiori apps
- ✓ Industry specific business scenarios

#### Accelerators:

- ✓ Configuration guides
- ✓ Business process procedures
- ✓ Test scripts

#### Security Controls:

- ✓ Pre-defined User Roles

#### Training:

- ✓ Existing transaction-based course outlines
- ✓ Pre-tested, operational solution for quick ramp-up
- ✓ Training curriculum and role-based courses

#### Methodology:

- ✓ Enterprise Value Delivery with SAP Activate

#### IndustryPrint™:

- ✓ Integrated business processes mapped across functions like Supply Chain, Order Management, Operations and Financial specific processes

## Business Processes and Functionality

The following SAP best practices and scope items for SAP S/4HANA were activated in this solution. These best practices helped accelerate and simplify the adoption of our S/4HANA, 1909 On-Premise edition by providing faster time to value, preconfigured content for core business processes along with a role-specific, responsive, and a simple user experience

## Available Offerings

Offering	Estimated Professional Fees (USD)	Time to Implement
Green Field with core functionality - S/4HANA Baseline	To be provided as needed based on Scope, Geography and Size of the business	6-9 months
Medium complexity with customization – S/4HANA Baseline	To be provided as needed based on Scope, Geography and Size of the business	9-12 months
High complexity with customization – Enhanced S/4HANA functionality	To be provided as needed based on Scope, Geography and Size of the business	18-24 months

## Why Deloitte?

Designated by SAP as a Global SAP Services Partner, Deloitte has been on the forefront of assisting companies around the world in implementing SAP solutions. With strength in leading both the delivery and change-management aspects of an SAP implementation, Deloitte is uniquely positioned to help companies in their efforts to attain profitable growth and supply chain integration. Our close collaboration with SAP also means we know how to deliver effective business solutions with customer concerns at the forefront. With access to more than 13,000 SAP focused practitioners globally, Deloitte has served more than 1,250 clients delivering solutions and services to the middle market. Deloitte also offers an unmatched range of capabilities across consulting, financial advisory services, tax and risk management worldwide. We realize the importance of combining deep technology experience with practical business strategy. This integrated approach leads to services designed to help our clients in their efforts to connect their information management initiatives with their overall business strategy.

Due to the breadth of our SAP implementation experience, we have the ability to provide Preconfigured end-to-end solutions targeted at any Industry. Our solutions allow Deloitte to achieve our clients' goals quickly and effectively, saving time and resources.
