March 10, 2021

SAP Workflow Management, ABAP Workshops, SAP S/4HANA Cloud 2102 Release, Tips and Tricks Working with ADT, and Upcoming Community Calls!

[Subscribe to SAP Community Voice](#)

Dear Reader,

[SAP Workflow Management](#) is the March topic of the Month in [SAP Community](#). Considering the challenges we face in 2021, digitized business processes will become even more important than before.

Changing conditions, new requirements, manual or broken processes, extensions

of standard processes – this all calls for workflows. Be sure to read: [Tackling the Business World's Complexity with SAP Workflow Management..](#)

Best regards,
Catherine LaCroix
Editor

SAP Workflow Management – Improve Your Processes

With SAP Workflow Management you can digitalize workflows, automate business processes, manage decision logic, gain end-to-end process visibility, and flexibly extend and adapt business processes running in your packaged applications.
