To the right of the form is an 'Instructions' box with text about the system's requirements for adding positions.

- D. Ensure that the dates of employment are added for the previous position at this company. The periods of employment do not need to be adjacent.

This screenshot shows the same 'Job/Position Details' form, but with the 'Previous Position' section filled out. The position name is 'Customer Service Agent', the department is 'Operations', and the job title is 'Customer Service Agent'. The start date is 1/1/2018 and the end date is 12/31/2017.
